(1) Persons rendering gratuitous services in cases of emergency;

(2) Persons administering ordinary household remedies;

(3) The members of any church practicing its religious tenets, except that they shall not prescribe or administer drugs or medicines, perform surgical or physical operations, nor assume the title of or hold themselves out to be physicians, and such members shall not be exempt from the quarantine laws of this state;

(4) Students of medicine who are studying in an accredited school or college of medicine and who gratuitously prescribe for and treat disease under the supervision of a licensed physician;

(5) Physicians who serve in the armed forces of the United States or the United States Public Health Service or who are employed by the United States Department of Veterans Affairs or other federal agencies, if their practice is limited to that service or employment;

(6) Physicians who are licensed in good standing to practice medicine under the laws of another state when incidentally called into this state or contacted via electronic or other medium for consultation with a physician licensed in this state. For purposes of this subdivision, consultation means evaluating the medical data of the patient as provided by the treating physician and rendering a recommendation to such treating physician as to the method of treatment or analysis of the data. The interpretation of a radiological image by a physician who specializes in radiology is not a consultation;

(7) Physicians who are licensed in good standing to practice medicine in another state but who, from such other state,

order diagnostic or therapeutic services on an irregular or occasional basis, to be provided to an individual in this state, if such physicians do not maintain and are not furnished for regular use within this state any office or other place for the rendering of professional services or the receipt of calls;

(8) Physicians who are licensed in good standing to practice medicine in another state and who, on an irregular and occasional basis, are granted temporary hospital privileges to practice medicine and surgery at a hospital or other medical facility licensed in this state;

(9) Persons providing or instructing as to use of braces, prosthetic appliances, crutches, contact lenses, and other lenses and devices prescribed by a physician licensed to practice medicine while working under the direction of such physician;

(10) Dentists practicing their profession when licensed and practicing in accordance with the Dentistry Practice Act;

(11) Optometrists practicing their profession when licensed and practicing under and in accordance with the Optometry Practice Act;

(12) Osteopathic physicians practicing their profession if licensed and practicing under and in accordance with sections 38-2029 to 38-2033;

(13) Chiropractors practicing their profession if licensed and practicing under the Chiropractic Practice Act;

(14) Podiatrists practicing their profession when licensed and practicing under and in accordance with the Podiatry Practice Act;

(15) Psychologists practicing their profession when licensed and practicing under and in accordance with the Psychology Practice Act;

(16) Advanced practice registered nurses practicing in their clinical specialty areas when licensed under the Advanced Practice Registered Nurse Practice Act and practicing under and in accordance with their respective practice acts;

(17) Persons licensed or certified under the laws of this state to practice a limited field of the healing art, not specifically named in this section, when confining themselves strictly to the field for which they are licensed or certified, not assuming the title of physician, surgeon, or physician and surgeon, and not professing or holding themselves out as qualified to prescribe drugs in any form or to perform operative surgery;

(18) Persons obtaining blood specimens while working under an order of or protocols and procedures approved by a physician, registered nurse, or other independent health care practitioner licensed to practice by the state if the scope of practice of that practitioner permits the practitioner to obtain blood specimens; and

(19) Other trained persons employed by a licensed health care facility or health care service defined in the Health Care Facility Licensure Act or clinical laboratory certified pursuant to the federal Clinical Laboratories Improvement Act of 1967, as amended, or Title XVIII or XIX of the federal Social Security Act to withdraw human blood for scientific or medical purposes.

Any person who has held or applied for a license to practice medicine and surgery in this state, and such license or application has been denied or such license has been refused renewal or disciplined by order of limitation, suspension, or revocation, shall be ineligible for the exceptions described in subdivisions (5) through (8) of this section until such license or application is granted or such license is renewed or reinstated. Every act or practice falling within the practice of medicine and surgery as defined in section 38-2024 and not specially excepted in this section shall constitute the practice of medicine and surgery and may be performed in this state only by those licensed by law to practice medicine in Nebraska.

**38-2026. Medicine and surgery; license; qualifications; foreign medical graduates; requirements.** Each applicant for a license to practice medicine and surgery shall:

(1)(a) Present proof that he or she is a graduate of an accredited school or college of medicine, (b) if a foreign medical graduate, provide a copy of a permanent certificate issued by the Educational Commission on Foreign Medical Graduates that is currently effective and relates to such applicant or provide such credentials as are necessary to certify that such foreign medical graduate has successfully passed the Visa Qualifying Examination or its successor or equivalent examination required by the United States Department of Health and Human Services and the United States Citizenship and Immigration Services, or (c) if a graduate of a foreign medical school who has successfully completed a program of American medical training designated as the Fifth Pathway and who additionally has successfully passed the Educational Commission on Foreign Medical Graduates examination but has not yet received the permanent certificate attesting to the same, provide such credentials as certify the same to the Division of Public Health of the Department of Health and Human Services;

(2) Present proof that he or she has served at least one year of graduate medical education approved by the board or, if a foreign medical graduate, present proof that he or she has served at least three years of graduate medical education approved

by the board;

(3) Pass a licensing examination approved by the board covering appropriate medical subjects; and

(4) Present proof satisfactory to the department that he or she, within the three years immediately preceding the application for licensure, (a) has been in the active practice of the profession of medicine and surgery in some other state, a territory, the District of Columbia, or Canada for a period of one year, (b) has had at least one year of graduate medical education as described in subdivision (2) of this section, (c) has completed continuing education in medicine and surgery approved by the board, (d) has completed a refresher course in medicine and surgery approved by the board, or (e) has completed the special purposes examination approved by the board.

The changes made by LB 296 became operative July 1, 2007. The changes made by LB 463 became operative December 1, 2008.

**38-2027. Department; waiver of requirements; authorized; conditions; disciplinary action authorized.** (1) The department, with the recommendation of the board, may waive any requirement for more than one year of approved graduate medical education, as set forth in subdivision (2) of section 38-2026, if the applicant has served at least one year of graduate medical education approved by the board and if the following conditions are met:

(a) The applicant meets all other qualifications for a license to practice medicine and surgery;

(b) The applicant submits satisfactory proof that the issuance of a license based on the waiver of the requirement of more than one year of approved graduate medical education will not jeopardize the health, safety, and welfare of the citizens of this state; and

(c) The applicant submits proof that he or she will enter into the practice of medicine in a health profession shortage area designated as such by the Nebraska Rural Health Advisory Commission immediately upon obtaining a license to practice medicine and surgery based upon a waiver of the requirement for more than one year of graduate medical education.

(2) A license issued on the basis of such a waiver shall be subject to the limitation that the licensee continue in practice in the health profession shortage area and such other limitations, if any, deemed appropriate under the circumstances by the director, with the recommendation of the board, which may include, but shall not be limited to, supervision by a medical practitioner, training, education, and scope of practice. After two years of practice under a limited license issued on the basis of a waiver of the requirement of more than one year of graduate medical education, a licensee may apply to the department for removal of the limitations. The director, with the recommendation of the board, may grant or deny such application or may continue the license with limitations.

(3) In addition to any other grounds for disciplinary action against the license contained in the Uniform Credentialing Act, the department may take disciplinary action against a license granted on the basis of a waiver of the requirement of more than one year of graduate medical education for violation of the limitations on the license.

**38-2029. Practice as osteopathic physicians, defined.** (1) For purposes of the Uniform Credentialing Act, the following classes of persons shall be deemed to be engaged in practice as osteopathic physicians:

(a) Persons publicly professing to be osteopathic physicians or publicly professing to assume the duties incident to the practice of osteopathic physicians; and

(b) Persons who are graduates of a school or college of osteopathic medicine and who treat human ailments by that system of the healing art which was advocated and taught by the school or college of osteopathic medicine from which such person graduated at the time of his or her graduation as determined by the department, with the recommendation of the board.

(2) No license issued to osteopathic physicians under the Medicine and Surgery Practice Act shall authorize the person so licensed to perform surgical procedures except those usually performed by general practitioners, as determined by the department, with the recommendation of the board.

(3) Nothing in this section shall be construed to prohibit an osteopathic physician licensed in accordance with the act

from serving as an assistant in surgery more complex than that usually performed by general practitioners, as determined by the department, with the recommendation of the board, when such surgery is performed by an osteopathic physician licensed pursuant to section 38-2032 or by an osteopathic physician or doctor of medicine licensed pursuant to section 38-2026. In no event shall this section or section 38-2032 be construed as authorizing any physician to engage in any procedure which he or she is not qualified by training to perform according to the standards prevailing in the State of Nebraska at the time.

(4) Persons who are licensed to practice as osteopathic physicians who have demonstrated to the department, with the recommendation of the board, that they have acquired adequate training and knowledge for such purpose and have been so authorized by the department, with the recommendation of the board, may prescribe and administer drugs and medicines.

Operative date December 1, 2008.

**38-2030. Practice as osteopathic physicians; persons excepted.** For purposes of the Uniform Credentialing Act, the following classes of persons shall not be construed as engaged in practice as osteopathic physicians:

(1) Licensed physicians and surgeons, podiatrists, nurses, and dentists who are exclusively engaged in the practice of their respective professions;

(2) Physicians and surgeons who serve in the armed forces of the United States or the United States Public Health Service or who are employed by the United States Department of Veterans Affairs or other federal agencies, if their practice is limited to that service or employment; and

(3) Osteopathic physicians licensed in another state when incidentally called into this state in consultation with a licensed physician or an osteopathic physician licensed in this state.

**38-2045. Visiting faculty permit; issuance; conditions.** A visiting faculty permit may be issued to graduates of foreign schools or colleges of medicine or to individuals if an accredited college or school of medicine in the State of Nebraska has requested that such permit be issued. It shall not be necessary for such applicant to provide a certificate of the Educational Commission on Foreign Medical Graduates as required in the case of temporary educational permits. If directed by the department an applicant for a visiting faculty permit may be required to pass an examination approved by the board to measure his or her clinical competence to practice medicine and if such examination is required the applicant shall pay the required fee.

**38-2046. Physician assistants; legislative findings.** The Legislature finds that:

(1) In its concern with the geographic maldistribution of health care services in Nebraska it is essential to develop

additional health personnel; and

(2) It is essential to encourage the more effective utilization of the skills of physicians by enabling them to delegate health care tasks to qualified physician assistants when such delegation is consistent with the patient's health and welfare.

It is the intent of the Legislature to encourage the utilization of such physician assistants by physicians.

**38-2047 Physician assistants; services performed; supervision requirements.** (1) A physician assistant may perform medical services that (a) are delegated by and provided under the supervision of a licensed physician, (b) are appropriate to the level of competence of the physician assistant, (c) form a component of the supervising physician's scope of practice, and (d) are not otherwise prohibited by law.

(2) A physician assistant shall be considered an agent of his or her supervising physician in the performance of practice-related activities delegated by the supervising physician, including, but not limited to, ordering diagnostic, therapeutic, and other medical services.

(3) Each physician assistant and his or her supervising physician shall be responsible to ensure that (a) the scope of practice of the physician assistant is identified, (b) the delegation of medical tasks is appropriate to the level of competence of the physician assistant, (c) the relationship of and access to the supervising physician is defined, and (d) a process for evaluation of the performance of the physician assistant is established.

(4) A physician assistant may pronounce death and may complete and sign death certificates and any other forms if such acts are within the scope of practice of the physician assistant, are delegated by his or her supervising physician, and are not otherwise prohibited by law.

(5) In order for a physician assistant to practice in a hospital, (a) his or her supervising physician shall be a member of the medical staff of the hospital, (b) the physician assistant shall be approved by the governing board of the hospital, and (c) the physician assistant shall comply with applicable hospital policies, including, but not limited to, reasonable requirements that the physician assistant and the supervising physician maintain professional liability insurance with such coverage and limits as established by the governing board of the hospital.

(6) For physician assistants with less than two years of experience, the department, with the recommendation of the board, shall adopt and promulgate rules and regulations establishing minimum requirements for the personal presence of the supervising physician, stated in hours or percentage of practice time, and may provide different minimum requirements for the personal presence of the supervising physician based on the geographic location of the supervising physician's primary and other practice sites and other factors the board deems relevant.

(7) A physician assistant may render services in a setting geographically remote from the supervising physician, except that a physician assistant with less than two years of experience shall comply with standards of supervision established in rules and regulations adopted and promulgated under the Medicine and Surgery Practice Act. The board may consider an application for waiver of the standards and may waive the standards upon a showing of good cause by the supervising physician. The department may adopt and promulgate rules and regulations establishing minimum requirements for such waivers.

**38-2049 Physician assistants; licenses; temporary licenses; issuance.** (1) The department, with the recommendation of the board, shall issue licenses to persons who are graduates of an approved program and have passed a proficiency examination.

(2) The department, with the recommendation of the board, shall issue temporary licenses to persons who have successfully completed an approved program but who have not yet passed a proficiency examination. Any temporary license issued pursuant to this subsection shall be issued for a period not to exceed one year and under such conditions as determined by the department, with the recommendation of the board. The temporary license may be extended by the department, with the recommendation of the board.

(3) Physician assistants approved by the board prior to April 16, 1985, shall not be required to complete the proficiency examination.

**38-2050 Physician assistants; supervision; supervising physician; requirements; agreement.** (1) To be a supervising physician, a person shall:

- (a) Be licensed to practice medicine and surgery under the Uniform Credentialing Act;
- (b) Have no restriction imposed by the board on his or her ability to supervise a physician assistant; and
- (c) Maintain an agreement with the physician assistant as provided in subsection (2) of this section.

(2)(a) An agreement between a supervising physician and a physician assistant shall (i) provide that the supervising physician will exercise supervision over the physician assistant in accordance with the Medicine and Surgery Practice Act and the rules and regulations adopted and promulgated under the act relating to such agreements, (ii) define the scope of practice of the physician assistant, (iii) provide that the supervising physician will retain professional and legal responsibility for medical services rendered by the physician assistant pursuant to such agreement, and (iv) be signed by the supervising physician and the physician assistant.

(b) The supervising physician shall keep the agreement on file at his or her primary practice site, shall keep a copy of the agreement on file at each practice site where the physician assistant provides medical services, and shall make the agreement available to the board and the department upon request.

(3) Supervision of a physician assistant by a supervising physician shall be continuous but shall not require the physical presence of the supervising physician at the time and place that the services are rendered.

(4) A supervising physician may supervise no more than four physician assistants at any one time. The board may consider an application for waiver of this limit and may waive the limit upon a showing that the supervising physician meets the minimum requirements for the waiver. The department may adopt and promulgate rules and regulations establishing minimum requirements for such waivers.

**38-2056. Physician Assistant Committee; created; membership; powers and duties; per diem; expenses.** (1) There is hereby created the Physician Assistant Committee which shall review and make recommendations to the board regarding all matters relating to physician assistants that come before the board. Such matters shall include, but not be limited to, (a)

applications for licensure, (b) physician assistant education, (c) scope of practice, (d) proceedings arising pursuant to sections 38-178 and 38-179, (e) physician assistant licensure and supervising physician requirements, and (f) continuing competency. The committee shall be directly responsible to the board.

(2) The committee shall be appointed by the State Board of Health and shall be composed of two physician assistants, one supervising physician, one member of the Board of Medicine and Surgery, and one public member. The chairperson of the committee shall be elected by a majority vote of the committee members.

(3) At the expiration of the four-year terms of the members serving on December 1, 2008, appointments shall be for five-year terms. Members shall serve no more than two consecutive full five-year terms. Reappointments shall be made by the State Board of Health.

(4) The committee shall meet on a regular basis and committee members shall, in addition to necessary traveling and lodging expenses, receive a per diem for each day actually engaged in the discharge of his or her duties, including compensation for the time spent in traveling to and from the place of conducting business. Traveling and lodging expenses shall be reimbursed on the same basis as provided in sections 81-1174 to 81-1177. The compensation shall not exceed fifty dollars per day and shall be determined by the committee with the approval of the department.

**38-2062 Anatomic pathology service; unprofessional conduct.** (1) It shall be unprofessional conduct for any physician who orders but does not supervise or perform a component of an anatomic pathology service to fail to disclose in any bill for such service presented to a patient, entity, or person:

(a) The name and address of the physician or laboratory that provided the anatomic service; and

(b) The actual amount paid or to be paid for each anatomic pathology service provided to the patient by the physician or laboratory that performed the service.

(2) For purposes of this section, anatomic pathology service means:

(a) Blood-banking services performed by pathologists;

(b) Cytopathology, which means the microscopic examination of cells from the following: Fluids; aspirates; washings; brushings; or smears, including the Pap test examination performed by a physician or under the supervision of a physician;

(c) Hematology, which means the microscopic evaluation of bone marrow aspirates and biopsies performed by a physician or under the supervision of a physician and peripheral blood smears when the attending or treating physician or technologist requests that a blood smear be reviewed by the pathologist;

(d) Histopathology or surgical pathology, which means the gross and microscopic examination and histologic processing of organ tissue performed by a physician or under the supervision of a physician; and

(e) Subcellular pathology and molecular pathology.

(3) For purposes of this section, anatomic pathology service does not include the initial collection or packaging of the specimen for transport.

## STATUTES PERTAINING TO PERFUSION PRACTICE ACT

**38-2701. Act, how cited.** Sections 38-2701 to 38-2712 shall be known and may be cited as the Perfusion Practice Act.

Source: Laws 2007, LB236, § 8; R.S.Supp.,2007, § 71-1,390; Laws 2007, LB247, § 76. The changes made by LB 236 became effective September 1, 2007. The changes made by LB 247 became operative December 1, 2008.

**38-2702. Legislative findings and declarations.** The Legislature finds and declares that the public interest requires the regulation of the practice of perfusion and the establishment of clear licensure standards for perfusionists and that the health and welfare of the residents of the State of Nebraska will be protected by identifying to the public those individuals who are qualified and legally authorized to practice perfusion.

Source: Laws 2007, LB236, § 9; R.S.Supp.,2007, § 71-1,391. Operative date December 1, 2008.

**38-2703. Terms, defined.** For purposes of the Perfusion Practice Act:

(1) Board means the Board of Medicine and Surgery;

(2) Committee means the Perfusionist Committee created under section 38-2712;

(3) Extracorporeal circulation means the diversion of a patient's blood through a heart-lung machine or a similar device that assumes the functions of the patient's heart, lungs, kidney, liver, or other organs;

(4) Perfusion means the functions necessary for the support, treatment, measurement, or supplementation of the cardiovascular, circulatory, and respiratory systems or other organs, or a combination of such activities, and to ensure the safe management of physiologic functions by monitoring and analyzing the parameters of the systems under an order and under the supervision of a licensed physician, including:

(a) The use of extracorporeal circulation, long-term cardiopulmonary support techniques including extracorporeal carbon dioxide removal and extracorporeal membrane oxygenation, and associated therapeutic and diagnostic technologies;

(b) Counterpulsation, ventricular assistance, autotransfusion, blood conservation techniques, myocardial and organ preservation, extracorporeal life support, and isolated limb perfusion;

(c) The use of techniques involving blood management, advanced life support, and other related functions; and

(d) In the performance of the acts described in subdivisions (a) through (c) of this subdivision:

(i) The administration of:

(A) Pharmacological and therapeutic agents; and

(B) Blood products or anesthetic agents through the extracorporeal circuit or through an intravenous line as ordered by a physician;

(ii) The performance and use of:

(A) Anticoagulation monitoring and analysis;

(B) Physiologic monitoring and analysis;

(C) Blood gas and chemistry monitoring and analysis;

(D) Hematologic monitoring and analysis;

(E) Hypothermia and hyperthermia;

(F) Hemoconcentration and hemodilution; and

(G) Hemodialysis; and

(iii) The observation of signs and symptoms related to perfusion services, the determination of whether the signs and symptoms exhibit abnormal characteristics, and the implementation of appropriate reporting, clinical perfusion protocols, or changes in, or the initiation of, emergency procedures; and

(5) Perfusionist means a person who is licensed to practice perfusion pursuant to the Perfusion Practice Act.

Source: Laws 2007, LB236, § 10; R.S.Supp., 2007, § 71-1,392. Operative date December 1, 2008.

**38-2704. License required; exceptions.** After September 1, 2007, no person shall practice perfusion, whether or not compensation is received or expected, unless the person holds a license to practice perfusion under the Perfusion Practice Act, except that nothing in the act shall be construed to:

(1) Prohibit any person credentialed to practice under any other law from engaging in the practice for which he or she is credentialed;

(2) Prohibit any student enrolled in a bona fide perfusion training program recognized by the board from performing those duties which are necessary for the student's course of study, if the duties are performed under the supervision and direction of a perfusionist who is on duty and immediately available in the assigned patient care area; or

(3) Prohibit any person from practicing perfusion within the scope of his or her official duties when employed by an agency, bureau, or division of the federal government, serving in the Armed Forces or the Public Health Service of the United States, or employed by the Veterans Administration.

**38-2705. License requirements.** To be eligible to be licensed as a perfusionist, an applicant shall fulfill the following requirements:

(1) Submit evidence of successful completion of a perfusion education program with standards established by the Accreditation Committee for Perfusion Education and approved by the Commission on Accreditation of Allied Health Education Programs or a program with substantially equivalent education standards approved by the board; and

(2) Submit evidence of successful completion of the certification examinations offered by the American Board of Cardiovascular Perfusion, or its successor, or a substantially equivalent examination approved by the board.

Source: Laws 2007, LB236, § 12; R.S.Supp., 2007, § 71-1,394; Laws 2007, LB247, § 77. The changes made by LB 236 became effective September 1, 2007. The changes made by LB 247 became operative December 1, 2008.

**38-2706. Education and examination requirements; waiver.** The board may waive the education and examination requirements under section 38-2705 for an applicant who:

(1) Within one hundred eighty days after September 1, 2007, submits evidence satisfactory to the board that he or she has been operating cardiopulmonary bypass systems for cardiac surgical patients as his or her primary function in a licensed health care facility for at least two of the last ten years prior to September 1, 2007;

(2) Submits evidence of holding a current certificate as a Certified Clinical Perfusionist issued by the American Board of Cardiovascular Perfusion, or its successor; or

(3) Submits evidence of holding a credential as a perfusionist issued by another state or possession of the United States or the District of Columbia which has standards substantially equivalent to those of this state.

**38-2707. Temporary license.** The department shall issue a temporary license to a person who has applied for licensure pursuant to the Perfusion Practice Act and who, in the judgment of the department, with the recommendation of the board, is eligible for examination. An applicant with a temporary license may practice only under the direct supervision of a perfusionist. The board may adopt and promulgate rules and regulations governing such direct supervision which do not require the immediate physical presence of the supervising perfusionist. A temporary license shall expire one year after the date of issuance and may be renewed for a subsequent one-year period, subject to the rules and regulations adopted under the act. A temporary license shall be surrendered to the department upon its expiration.

**38-2712. Perfusionist Committee; created; membership; powers and duties; expenses.** (1) There is created the Perfusionist Committee which shall review and make recommendations to the board regarding all matters relating to perfusionists that come before the board. Such matters shall include, but not be limited to, (a) applications for licensure, (b) perfusionist education, (c) scope of practice, (d) proceedings arising relating to disciplinary actions, (e) perfusionist licensure requirements, and (f) continuing competency. The committee shall be directly responsible to the board.

(2) The committee shall be appointed by the State Board of Health and shall be composed of two perfusionists and one physician who has clinical experience with perfusionists. The physician member may also be a member of the Board of Medicine and Surgery. The chairperson of the committee shall be elected by a majority vote of the committee members. All appointments shall be for five-year terms, at staggered intervals. Members shall serve no more than two consecutive terms. Reappointments shall be made by the State Board of Health.

(3) The committee shall meet on a regular basis, and committee members shall, in addition to necessary traveling and lodging expenses, receive a per diem for each day actually engaged in the discharge of his or her duties, including compensation for the time spent in traveling to and from the place of conducting business. Traveling and lodging expenses shall be reimbursed on the same basis as provided in sections 81-1174 to 81-1177. The compensation shall not exceed fifty dollars per day and shall be determined by the committee with the approval of the department.

## STATUTES PERTAINING TO THE NEBRASKA HOSPITAL-MEDICAL LIABILITY ACT

**44-2840. Medical review panels; review claims; procedure; waiver.** (1) Provision is hereby made for the establishment of medical review panels to review all malpractice claims against health care providers covered by the Nebraska Hospital-Medical Liability Act in advance of filing such actions.

(2) No action against a health care provider may be commenced in any court of this state before the claimant's proposed complaint has been presented to a medical review panel established pursuant to section 44-2841 and an opinion has been rendered by the panel.

(3) The proceedings for action by the medical review panel shall be initiated by the patient or his or her representative by notice in writing with copy of a proposed complaint served upon the director personally or by registered or certified mail. Such notice shall designate the claimant's choice of the physician to serve on the panel, claimant's suggestion of an attorney to serve, and the court where the action shall be filed, if necessary.

(4) The claimant may affirmatively waive his or her right to a panel review, and in such case the claimant may proceed to file his or her action directly in court. If the claimant waives the panel review, the claimant shall serve a copy of the complaint upon the director personally or by registered or certified mail at the time the action is filed in court.

Effective date August 31, 2003.

**44-2841. Medical review panel; members; selection; procedure.** (1) The medical review panel shall consist of one attorney admitted to practice law in the State of Nebraska and three physicians who hold unlimited licenses under the laws of this state to practice medicine. The attorney shall act in an advisory capacity and as chairperson of the panel, but shall have no vote.

(2) The medical review panel shall be selected in the following manner:

(a) All physicians engaged in the active practice of medicine in this state, whether in the teaching profession or otherwise, who hold a license to practice medicine shall be available for selection;

(b) Each party to the action shall have the right to select one physician and, upon selection, such physician shall be required to serve. The two physicians thus selected shall select the third physician panelist. If one of the health care providers involved is a hospital, a fourth panelist shall be selected who shall be a hospital administrator selected by the hospital;

(c) When there are multiple plaintiffs or defendants, there shall be only one physician or hospital administrator selected per side. The plaintiff, whether single or multiple, shall have the right to select one physician and the defendant, whether single or multiple, shall have the right to select one physician;

(d) A panelist so selected shall serve, except that for good cause shown he or she may be excused. To show good cause for relief from serving, the panelist shall be required to serve an affidavit upon a judge of a court having jurisdiction over the claim when filed. The affidavit shall set out the facts showing that service would constitute an unreasonable burden or undue hardship. The court may excuse the proposed panelist from serving;

(e) Within twenty days after receipt of notification of a proposed panelist by the plaintiff, the defendants shall select a proposed panelist and advise the plaintiff or his or her attorney;

(f) Within twenty days of receipt of notice of any selection, written challenge without cause may be made to the panel member. Upon challenge, a party shall select another panelist. If multiple plaintiffs or defendants are unable to agree on a physician panelist or if two such challenges are made and submitted, the judge shall submit a list consisting of three qualified panelists and each side shall strike one and the remaining member shall serve in place of the challenged panelist designated by the party; and

(g) The parties may agree on the attorney member of the board or, if no agreement can be reached, then five proposed attorney members shall be designated by the judge having jurisdiction of the cause. The parties shall then each strike two names alternately with the claimant striking first until both sides have stricken two names and the remaining name shall be the attorney member of the panel.

(3) If the members of the medical review panel have not been selected within one hundred twenty days following filing of the complaint required by section 44-2840, the court shall have authority to select members of the panel and to set a specific date for the hearing.

**44-2842. Medical review panel; evidence considered; depositions; chairperson; duties.** (1) The evidence to be considered by the medical review panel shall be promptly submitted by the respective parties in written form only. If any party to the proceedings fails to submit his or her evidence within a reasonable time after notice from the panel requesting such evidence, the panel may proceed to decide the matter on the evidence previously submitted. The determination of reasonable time shall be made by the panel. The evidence submitted may consist of medical charts, X-rays, laboratory test results, excerpts of treatises, depositions of witnesses including parties, and any other form of evidence allowable by the medical review panel.

(2) Depositions of parties and witnesses may be taken prior to the convening of the panel and prior to the commencement of the action, but in such event the attorney for the medical care provider shall be furnished with a copy of the complaint

which the claimant proposes to file at least ten days before any deposition is taken. The patient shall have the right to request and receive all medical and hospital records relating to his or her case which would be admissible in evidence in a court of law. The chairperson of the panel shall advise the panel relative to any legal question involved in the review proceeding and shall prepare the opinion of the panel. A copy of the evidence shall be sent to each member of the panel.

(3) Either party, after submission of all evidence and upon ten days' notice to the other side, shall have the right to convene the panel at a time and place agreeable to the members of the panel. At such time either party shall have the right to present argument concerning any matters relevant to issues to be decided by the panel before the issuance of its report. The chairperson of the panel shall preside at all meetings, which meetings shall be informal.

(4) If the members of the medical review panel have not convened within six months of the initiation of the proceeding, the judge may terminate the proceeding at the request of either party.

Effective date August 31, 2003.

**44-2843. Medical review panel; access to information; written opinion; issuance; basis for.** (1) The panel shall have the right and duty to request all necessary information. The panel may consult with medical authorities and may examine reports of such health care providers as may be necessary to fully inform itself regarding the issue to be decided. Both parties shall have full access to any material submitted to the panel.

(2) The panel shall have the sole duty to express its expert opinion in writing to each of the parties as to whether or not the evidence supports the conclusion that the defendant or defendants acted or failed to act within the appropriate standards of care as charged in the complaint and as to the issue of damages proximately caused by failure to act in accordance with such standards. Any issue relating to informed consent shall be considered as a charge of failure to act within the appropriate standard of care.

(3) After reviewing all evidence and, unless waived, after argument by counsel representing either party, the panel shall, within thirty days, render one or more of the following expert opinions which shall be in writing and mailed to each of the parties:

(a) The evidence supports the conclusion that the defendant failed to comply with the appropriate standard of care as charged in the complaint in specified particulars;

(b) The evidence supports the conclusion that the defendant involved met the applicable standard of care required under the circumstances; or

(c) There is a material issue of fact, not requiring expert opinion, bearing on liability for consideration by the court or jury in specified particulars.

(4) No dollar amounts or percentages of disability shall be provided by the panel. A majority vote of the voting members shall control action by the panel. The report of the panel shall be signed only by the chairman who shall certify that the report reflects the opinion of a majority of the voting members. If requested, a minority report shall be provided to any party.

**44-2844. Request for review of a claim; filed; toll statute of limitations; panel report; admissible as evidence; panelist; immunity.** (1) The filing of the request for review of a claim shall toll the applicable statute of limitations for a period of ninety days following the issuance of the opinion by the medical review panel. The request for review of a claim shall be deemed filed when copy of the request together with a copy of the proposed complaint is delivered or mailed by registered or certified mail to the director, who shall immediately forward a copy to each health care provider named as a defendant at his last and usual place of residence or his office.

(2) The report or any minority report of the medical review panel shall be admissible as evidence in any action subsequently brought by the claimant in a court of law, but such report shall not be conclusive and either party shall have the right to call any member of the medical review panel as a witness. If called, the witness shall be required to appear and testify.

(3) A panelist shall have absolute immunity from civil liability for all communications, findings, opinions and conclusions made in the course and scope of duties prescribed by sections 44-2801 to 44-2855.

Source: Laws 1976, LB 434, § 44.

**44-2845. Medical review panel; members; compensation; expert witness fee.** Each member of the medical review panel shall be paid fifty dollars per day for all work performed as a member of the panel, exclusive of time and services involved if called as a witness to testify in court and reasonable expenses incurred. Fees of the panel, including expenses, shall be paid equally by each side. If a panel member is called as an expert witness at the trial, the panel member shall be paid the customary expert witness fee.

**44-2846. Proceedings before panel; confidential; exception; waiver of privileges; when; witnesses; rights.** (1) Except for the introduction into evidence of the report of the panel, all proceedings before the medical review panel, all

actions taken by any party or his counsel in preparation for such proceedings, and the submission of any matter to the medical review panel shall be handled on a confidential basis. Such hearing may not be conducted as a public hearing and the proceedings before the panel shall not be matters of public record.

(2) Initiation of proceedings before a medical review panel by a patient or his representative shall constitute waiver of any privilege or rights conferred by Chapter 27, article 5, as to any hospital records or testimony or records of any physician or surgeon who is attending or has attended such patient for physical or mental conditions or injuries or conditions involved in such proceeding to the same extent and with like effect as provided in Chapter 27, article 5. Any witness providing information or facts or opinions to the medical review panel shall be entitled to the immunities and protection provided to witnesses generally in court proceedings.

**44-2847. Medical review panel; not to consider disputed questions of law; adviser to panel.** (1) Medical review panels shall be concerned only with the determination of the questions set forth in section 44-2843. Such panels shall not consider or report on disputed questions of law.

(2) To provide for uniformity of procedure, the Department of Health and Human Services may appoint a doctor of medicine from the members of the Board of Medicine and Surgery who may sit with each panel as an observer and as an adviser on procedure but without a vote.
